

Environmental Policy of Lignacite Ltd

Lignacite Limited offer a full range of precast concrete masonry blocks suitable for use in all types of buildings and supplied to customers throughout the British Isles.

The organisation ensures that manufacturing potential is maximised through the reuse of otherwise waste materials thus reducing the overall impact on landfill and subsequently minimising the impact upon the environment.

Working in conjunction with our suppliers and customers, we are committed to continually improving our environmental performance by controlling and managing our operational activities and products ensuring that risks to employees, the general public and the environment as a whole are identified and actions taken to minimise or eliminate their effects.

The objectives of our policy are:

- To comply with legal obligations and relevant other requirements pertaining to the business.
- To promote environmental awareness throughout the organisation.
- To maintain a safe and healthy working environment for employees with adequate facilities appropriate to the business activities of the Company.
- Through the setting and completion of environmental targets and objectives, Lignacite Limited is committed to improving its environmental performance based on a certified Environmental Management System (EMS) complying with ISO 14001:2004.
- Prevent Pollution
- Increase Raw Materials use from Sustainable Sources
- Reduce Energy Use
- Reduce Waste
- Control and Reduce Air Emissions
- Recover, Recycle and Re-use waste materials wherever practicable
